Dr. Ralph P. Leischner, Jr. Memorial Golf Tournament
Rules of the Game

1. Have Fun!
2. Please play “ready” golf. Your group should finish 18 holes within 4.5 hrs. Please keep up with the group in front of you.
3. USGA rules apply throughout the tournament.
4. Women play from the red tees, men play from the white tees.
5. You must use each group member’s tee shot once.
6. Tournament format is a “scramble.” Each group member has one chance to hit the ball per stroke on the course – no one will have more than one shot per stroke. This means in a group of 3, each team member has one opportunity to hit the ball. After each of the three shots, the group selects the best shot and proceeds from there.
7. In the event of a tie between two groups, we will look to the scorecards and identify which group had the lowest score on a hole starting from the 18th and going backwards.
8. In the event that rule 7 does not identify a winner, the winning group will be determined by a coin toss.
